

The definitive text on women in photography, now in an affordable paperback edition. Women have had a special relationship with the camera since the advent of photographic technology in the mid-nineteenth century. Photographers celebrated women as their subjects, from intimate family portraits and fashion spreads to artistic photography and nude studies, including Man Ray's "Violon d'Ingres. Lesser known" and lesser studied is the history of women photographers, who continue to make invaluable contributions to this flourishing art form. Featuring more than 300 illustrations, A History of Women Photographers is the only comprehensive survey of women photographers from the age of the daguerreotype to the present day. In this edition, author Naomi Rosenblum expands the book's coverage to include additional photographers and fourteen new images. The text and the appendix of photographer biographies have been revised throughout, and Rosenblum also provides a new afterword, in which she evaluates the influence of rapidly changing digital technology on the field of photography and the standing of women photographers in the twenty-first century.

Dannys Main: A Charistown Novel (The Charistown Series Book 4), A Smart Kids Guide To WONDERFUL WALES AND WICKED WONDERS: A World Of Learning At Your Fingertips, I Choose You - Kids Pokemon Book: (I Can Read Edition), Hawick and Its Old Memories: Containing Biographical Sketches, and Other Illustrative Documents - Scholars Choice Edition, Aquatic and Wetland Plants, The physiological enigma of woman: The mystery of menstruation - its cause and cure, Romana Extra Band 2 (German Edition),

3rd Edition. The essential illustrated history of women photographers, now updated and expanded to include women working in the twenty-first.
