

Silver Delgado has gained control of The Dartmouth Cobras and lost control of her life. Hockey might be the family business, but its never interested Silver. Until her fathers health decline thrusts responsibility for the team he owns straight into her hands. Now she has to find a way to get the team more fans, and establish herself as the new owner. Which means standing up to Dean Richter, the general manager and the advisor her father has forced on her. The fact that their business relationship started with her over his lap at his BDSM club shouldnt be too much of a problem. Their hot one night stand meant nothing! But how can she earn his respect when he sees her as submissive? Can they separate work and the lifestyle shes curious to explore? Balancing her new life away from Hollywood, living among people who see her as the selfish Delgado princess, has her feeling lost and alone until Landon Bower, the Cobras new Goalie slips into her life and becomes her best and only friend. The time they spend together makes everything else bearable, but before long his eyes meet hers with more than friendship, reflecting what she feels. Which could ruin everything. Two Dominant men who see past her pretty mask and the shallow image she portrayed to the flashing cameras. A gentle attack from both sides that she cant hope to block unless she learns how to play. But shes getting the hang of the game. Warning This ebook contains material not suitable for readers under 18.
