

The Baddest Pimpstress by Ellen Sade "Whatever bitch, kill me!" I still whooped that hoe ass! she ain't nothing but a hoe! A straight hoe! Who gives a fuck? Thad came up next to me and kicked Lo-Ki in his mouth so hard, one his molars flew out the side of his mouth. "Shut the fuck up you weak ass bitch." Thad yelled as drew his size 13.5 foot back and kicked him in his stomach. I heard Kam chuckle behind me and knew he thought the shit was funny. I placed my hand on Thad's shoulder gently and he snapped back into reality. Stepping back behind me he muttered more threats at Lo-Ki. "I give a fuck and obviously so do my guys." I smiled a little tucking my .22 back inside the back of my skinny jeans. "Listen! I'm not going to kill you! that would be me letting you off too easy playa! but I am going to fuck your mothafuckin ass up," I said and motioned for Thad and Kam to hold him down. "You're going to think twice about talking about women again, at least me and my girls. If I even hear through the streets that you running your mouth, threatening anyone within my set, or raising your hand again to one of my girls again, I'm going to be back but it's going to be worse." "What you going to do bitch! Nothing I haven't taken before! Only thing left to do is down me." Lo-Ki snickered, "Dumb bitch." I smiled my own cocky grin and instructed Kam and Thad to continue holding him down. I drew back my six-inch stiletto red bottom heel and rammed it in between Lo-Ki's legs. "Ahhhhhhhhhh!" Lo-Ki's screams pierced the whole apartment building. "Oh! am I still that dumb bitch?" I asked hypothetically. I brought my heel back again and kicked even more powerfully than I had done the first time. I repeated the kick to Lo-Ki's groin over and over until blood began to seep through his jeans. I bent down next to him and whispered as he shuddered in pain, "Nigga! you gon' learn today! that you done fucked with the wrong dumb bitch. I held out both of my hands for Thad and Kam to give me their .45's. Without a second thought, I placed the nose of the guns to each of Lo-Ki's legs right above the kneecap, and fired both simultaneously. "Fuck! Ahhh!" he screamed over and over. "Don't have much to say now huh?" I asked knowing he wouldn't be able to give me one of his smart-ass responses he had been giving me since I had stepped foot through the door. I stood back up and looked down at my shoes. "Shit," I frowned at my bloodied red bottoms. I looked at the cash still stacked on the table, stepped over Lo-Ki, and picked up a few of the stacks of cash and inserted them into my fur coat pocket. "This is your donation to a new pair of red bottoms that you done fucked up," I said stepping back over him and walking towards the door. Lo-Ki's response was just more crying and screaming in pain. I nodded for Thad and Kam to follow me as we headed out of the dope spot. Walking down the stairs people were peeking out of their doors being nosy, trying to find out what happened. Just as we got back to my cream-colored Escalade, I turned around and said, "Somebody needs to call an ambulance! and yall better not say shit." Without another word, I stepped up into the backseat and Thad closed the door behind me. We drove off slow! not fast. There was no need to speed, we knew that they would keep their mouths closed! just another tally for street cred and respect.
