

Er PREFACE. THIS age groans under such a surcharge of new books, that though the many good ones lately published do much balance the great swarms of ill, or at least needless ones; yet all men complain of the unnecessary charge and trouble many new books put them to; the truth of it is, printing is become a tirade, and the presses must be kept going; so that if it were but to (huff out an ill book, a man may be tempted to keep them at work.
